

Environmental Concern and the NJ Division of Fish and Wildlife bring you:

POW! The Planning of Wetlands *and* Wetland Plants: Know'em and Grow'em

educator workshops

Studies show that habitat programs help boost academic achievement! POW! takes you through the process of building a schoolyard wetland from start to finish using 25 exciting student activities in lesson plan format.

This workshop will get you up close and personal with native wetland plants! Learn about their unique adaptations and identifying characteristics while practicing in the field. Learn fun wetland plant activities you can use in the classroom and in the field.
