## Four Easy Steps to Find Your Deer Season Regs by Zone

**1 Start** with the map on this page, then go to the *Deer Management Zone (DMZ) Descriptions*, page 34, to confirm your exact zone boundary. Follow the zone boundary description with a county map to determine your exact location. Be sure to check for new boundary changes each year!

**2 Use** the *Regulation Sets Reference Chart* on page 48 to learn in which regulation set your DMZ is located.

**3 Find** your actual regulation set (See page 44), then confirm that your DMZ is listed at the top of that regulation set.

**4 Locate** your desired hunting season (e.g., fall bow, permit muzzleloader) for dates, bag limits and special information for your DMZ in the color-coded Deer Regulation Sets chart.

Before heading to your hunting location, use the easy, online **Deer Hunting Location Viewer** to make use of the **Automated Deer Harvest Report System** easy, fast and accurate!

See page 33 for details.
