_____ Commercial Preserve

Club Name: _____

	Pheasants	Quail	Chukar Partridge	Hungarian Partridge	Mallards
Total Birds Purchased					
Total Birds Lost Prior to Release					
Total Birds Harvested					

The NJ Division of Fish and Wildlife's Bureau of Wildlife Management reviews and analyzes harvest statistics for various upland species, including bobwhite quail and pheasant. A significant portion of the annual game bird harvest comes from the Commercial and Semi-Wild shooting preserves.

Therefore, in addition to the normal annual report, and to further this research effort, the Division is requesting all Commercial and Semi-Wild license holders complete this form at the end of each season. This information will be used to better estimate the harvest of native versus stocked game birds in the State. We strongly feel this is an important issue and the results will enable the Division to better serve the citizens of our State.

Please note, failure to submit the Harvest Report with the Annual Report will delay the authorization and/or issuance of a Commercial and Semi-Wild Permit for the upcoming season.

If you have any further questions, please feel free to contact the Wildlife Permitting Unit at 908-735-7040 or Andrew Burnett, Principal Biologist, at 609-748-2058.

Semi-Wild Preserve Permit Annual Report & Harvest Report Instructions

- 1) Semi-Wild Preserve Permit annual reports and harvest reports are due April 15th.
- 2) If you cannot supply the appropriate information to complete the form you should give a written explanation with the pertinent reasons why the information is not available.
- 3) A summary statement from your supplier(s), indicating the total number of each species purchased for the season and full payment of such must be submitted with this report form.
- 4) If you raise your own birds under a Captive Game - Propagation and sales permit, you must include a copy of your Captive Game Permit Annual Report or documentation, indicating the transfer of these birds to your Semi-Wild Preserve.
- 5) Daily kill and liberation records must be kept on the premises during the season and be readily available for inspection upon request.
- 6) Records must be retained and available for three (3) years.
- 7) Licenses will not be renewed until the Annual Report and Harvest Report have been received, reviewed and approved.
- 8) Failure to file your annual report and harvest report in a timely manner may cause a delay in obtaining your new permit.

SUBMIT:

- COMPLETED ANNUAL REPORT,

- SUMMARY STATEMENT FROM SUPPLIER,

and - COMPLETED HARVEST REPORT

BY: APRIL 15th
