ANIMAL EXHIBITORS or ANIMAL THEATRICAL AGENCIES

Attached is an initial application for a New Jersey permit to utilize regulated exotic and nongame wildlife for the purposes of Animal Exhibition and/or Animal Theatrical Agency Events. Please read carefully, including the Transport - Caging - Exhibition requirements for regulated wildlife. It is your responsibility to comply with all pertinent regulations while exhibiting or conducting animal theatrical activities with regulated wildlife in New Jersey. If you have any questions please call (908) 735-5450, Monday - Friday, 8:30 a.m. to 4:30 p.m. Eastern Standard Time.

No Animal Exhibition or Theatrical activities are allowed in New Jersey before your permit application has been received with the correct fee, health certificates, documentation, and any other current, relevant state or federal required permits, and your application has been approved and a permit has been issued.

***A minimum of four weeks from receipt by the Office of Permit Management, Exotic and Nongame Species section is required to process a permit application.**

The Division of Fish and Wildlife's primary concern is public safety and animal welfare.

New Jersey is a ***NO CONTACT STATE. SPECIFICALLY PROHIBITED ARE:***

- **Picture taking of the public holding regulated exotic and nongame wildlife.**
- **Hand feeding of regulated exotic and nongame wildlife by the public.**
- **Exhibition of any potentially dangerous wildlife outside of approved cage.**

IMPORTANT NOTE: New Jersey Elephant Rides Policy and Separate Application is available upon request. **If you intend to provide elephant rides, the Office of Permit Management must have RECEIVED and APPROVED your elephant ride application prior to any elephant rides being given in New Jersey.**

If the regulated wildlife in your program - circus - performance is leased or on loan, you and the owner(s) of the regulated wildlife are required to obtain separate New Jersey Animal Exhibitor or Animal Theatrical Agency permits.

Regulated exotic and nongame wildlife entering the state must have the appropriate, current health certificates to ensure that they do not pose a threat to humans, native wildlife or agriculture, and that they are capable of performing as indicated in your application.

[EX-NONRESIDENT]

It is the applicant's responsibility to provide for veterinary care and provide the proper diet while in New Jersey. **In order to avoid problems with animal health and to ensure public safety, feeding of regulated exotic and nongame wildlife by the public is strictly prohibited.**

Caging will be evaluated to ensure that there is no chance of escape or injury to the regulated wildlife or the public through direct contact. The type of act or performance should be described in enough detail for us to evaluate public and animal safety. Perimeter fences at least 3.5 feet in height and at least 4 feet from the main cage must be used to prevent contact with the regulated wildlife. Alternately, Plexiglas type caging is allowed if it is ascertained to be safe by the Division of Fish and Wildlife. **(See Attached Transport - Caging - Exhibition requirements for regulated wildlife).**

If you plan to exhibit potentially dangerous wildlife in a cage different than the transport cage, the type of public protection during transfer from one cage to the other must be described in detail. Any ramp used must be sturdy and be capable of preventing escape during transfer. **Walking potentially dangerous wildlife on leashes to the arena cage is strictly prohibited*.**

(* Exception - See Small Primate Section of the Transport - Caging - Exhibition requirements for regulated wildlife).

The name of the on site supervisor along with a pager, telephone or fax number to allow us to contact him/her must be provided on the application.

NOTE: Exhibit animals must never be left unattended by staff whether "on" or "off" exhibit.

N.J.A.C. 7:25-4.6(h) states: "Animal exhibitors and animal theatrical agencies shall notify the Division no less than two weeks prior to any scheduled activity in New Jersey covered by permit in order to permit inspection of the activity by Division personnel".

IMPORTANT NOTE: If an amendment is requested (other than any New Jersey Staff clerical error) after an Exotic & Nongame permit is issued for the current calendar year, a \$5.00 amendment processing fee will be required, per amendment.

IMPORTANT NOTICE: DUE TO THE POSSIBLE SPREAD OF CHRONIC WASTING DISEASE, ALL MEMBERS OF THE CERVIDAE (DEER/ELK) FAMILY ARE BANNED FROM IMPORTATION INTO NEW JERSEY UNTIL FURTHER NOTICE. SEE PAGE 7 FOR DETAILED LIST.
